

# Technology Continuum - “My Campus”

As a member of the faculty or staff of your college, please review the options presented on the following continuum and select the one that most closely resembles your perspective on technology on your campus.

Technology is not a priority on our campus.  
 We have not committed to providing technology services to campus members.  
 Faculty and staff **DO NOT** utilize email and/or other electronic means to communicate with students.  
 Students **DO NOT** regularly utilize technology services, nor do they expect them to be available.  
 Do not use technology as a recruitment or retention tool.

Technology is a low priority on our campus.  
 We are starting to consider committing to providing technology services to campus members.  
 Faculty and staff are starting to utilize email and/or other electronic means to communicate with students.  
 Students are beginning to regularly use technology services, they are starting to look for them to be available.  
 Could we use technology as a recruitment or retention tool?

We feel relatively neutral about technology and its impact on collegiate communities.  
 Technology is an individual effort but it is not institutionalized.

Interested in technology and have a general knowledge of technological options and resources.  
 Commitment to providing technology to campus members, however may not be cutting edge.  
 Faculty and staff occasionally utilize email and/or other electronic means to communicate with students.  
 Students come with good skills, appreciate technology services and like that they are available.  
 Thinking about technology as a recruitment and retention tool.

Strong interest in and knowledge of technological options and resources.  
 Strong commitment to providing cutting edge technology to campus members.  
 Faculty and staff primarily utilize email and/or other electronic means to communicate with students.  
 Students come with strong skills, **RELY** on technology services and expect them to be readily available.  
 Use technology as a recruitment and retention tool.

# Technology Continuum - “My Department”

Please review the options presented on the following continuum and select the one that most closely resembles your perspective on technology in your department.

<p>Technology is not a priority in my department.</p> <p>I/We have not committed to providing technology services to department staff members.</p> <p>I/We <b>DO NOT</b> utilize email and/or other electronic means to communicate with each other and/or students.</p> <p>My department <b>DOES NOT</b> regularly utilize technology services, nor do they expect them to be available.</p> <p>Do not use technology as a recruitment or retention tool.</p>	<p>Technology is a low priority in my department.</p> <p>I/We are starting to investigate options in order to consistently provide technology services to staff members.</p> <p>I/We are starting to utilize email and/or other electronic means to communicate with each other and/or with students.</p> <p>I am beginning to regularly use technology services, and am starting to look for them to be available.</p> <p>Could we use technology as a recruitment or retention tool?</p>	<p>I feel relatively neutral about technology and its impact on my department.</p> <p>Technology is an individual effort but it is not expected by my department.</p>	<p>I/We are interested in technology and have a general knowledge of technological options and resources.</p> <p>I/We are committed to providing technology to staff members, however may not be cutting edge.</p> <p>I/We occasionally utilize email and/or other electronic means to communicate with each other and/or with students.</p> <p>I/We have good skills, appreciate technology services and like that they are available.</p> <p>Thinking about technology as a recruitment and retention tool.</p>	<p>I/We have a strong interest in and knowledge of technological options and resources.</p> <p>I/We have a strong commitment to providing cutting edge technology to staff members.</p> <p>I/We primarily utilize email and/or other electronic means to communicate with each other and/or with students.</p> <p>I/We have strong skills, <b>RELY</b> on technology services and expect them to be readily available.</p> <p>Use technology as a recruitment and retention tool.</p>
